## skills / others

### Product Manager

More than three years as Product Manager Jr. role at BANDAI NAMCO Entertainment

### Great nerdish knowledge

Extensive knowledge about board games, videogames, comics, books, movies and television shows.

### Social Media

Experience organizing and communicating events and other beats, also localizing and designing assets.

### Spanish and English

Currently attending meetings and conference calls in both languages in a bilingual work environment.

### Graphic design

Great expertise on editorial and brand design, currently working with the main design apps.

### Marketing insight

Always trying to give the 'think out of the box' approach to figure out what can we do that others don't.

### Brand communication

Huge experience working on brand necessities, as on corporate design, communication, events...

### Available for traveling

Experienced traveller, attending events and meetings with our other territories teams.
